

DESIGNED GARDENS

Recent award winners announced that the Landscape Queensland Industries Inc. 2007 Awards showcased residential designed gardens.

2007 LANDSCAPE CONSTRUCTION OF THE YEAR & RESIDENTIAL A WINNER

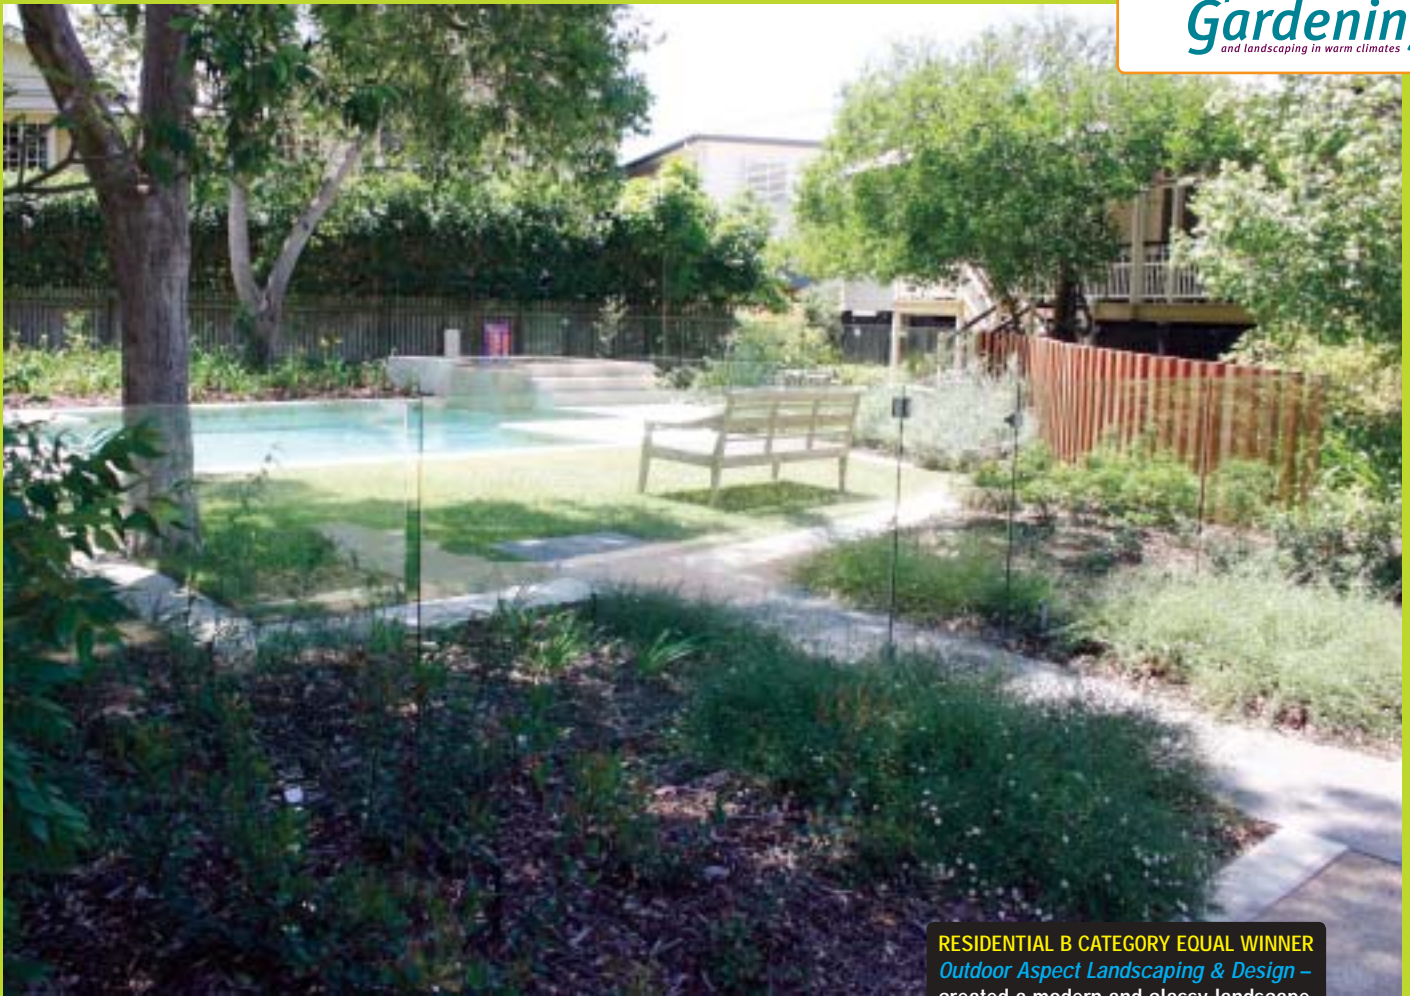

Peter Milliken Landscapes – created a garden at St. Lucia that exhibited the highest level of construction excellence with many levels of construction difficulty, while showing a broad range of landscape disciplines. The attention to detail delivered a faultless construction leaving a lasting impression on the project owners. Both this landscape and the Merit award winners were good value for money for design and construction.

RESIDENTIAL A MERIT AWARD

Tecscope Landscaping & Irrigation – for a residence at Broadbeach Waters. Evident was successful project planning to address the site's preparation and the finishing touches to detail. Highly commendable.

RESIDENTIAL B CATEGORY EQUAL WINNER
Outdoor Aspect Landscaping & Design – created a modern and classy landscape which kept perfectly with the style and integrity of the owner's colonial home.

RESIDENTIAL B CATEGORY EQUAL WINNER
Wayne Giebel Landscapes – overcame significant slope difficulties to incorporate a series of waterfalls and ponds enhanced with timber work, rock walls and garden lighting.
